EP China 2010 Ushered in a New International Pavilion British Exhibitors Enjoy Government Subsidies for the Participation Fees

EP China / Electrical China 2010 will build upon that success. The event has gained widespread recognition from international trade associations and global market leaders. British Electrotechnical and Allied Manufacturers' Association (BEAMA) has confirmed to organized large-scale UK Pavilion in EP China 2010 introducing the UK's leading electrical power technology and latest products.

 The British Electrotechnical and Allied Manufacturers' Association (BEAMA), a National grouping consisting of 14 Associations representing some 350 companies in the Electrotechnical and Allied Manufacturing Industries in the UK, was founded in 1905. BEAMA represents an industry with a turnover of £13 billion a year and employs over 137,000 people; and acts as a focal point for both National and International Trade enquiries. All qualified British companies joined this UK Pavilion are entitled to have government financial subsidies.

According to the organizer, almost all the past exhibitors and world-famous enterprises have booked or reserved their booths. They include ABB, Areva, Siemens, Hyosung, Schneider, Japan AE Power, 3M, Chint, Hyundai, NARI, NERC, Hitachi, Toshiba, Ormazabal, Pentair, Rittal, KGE, Exide, S&C, Sicame, Roechling, Wacker, MR China, Argillon, Daqo, etc. In addition to Germany, the U.S., the U.K. and Korea, France, Taiwan and Russia will also host international pavilions.

In addition, there are international exhibitions from Germany, US, Korea, France, Taiwan and Russia. The responses are very enthusiastic!
