Scope of exhibits

Energy Storage Technology and Materials

Energy Management Systems (EMS)

Energy storage equipment and components

Energy storage system and EPC engineering

Energy Storage and Power Conversions
System (PCS)Software development and information
communicationBattery resource recovery and utilization
Battery testing and certificationElectric vehicle charging and swapping and
supporting equipment Energy saving and
integrated nergy service equipment

Whom You Will Meet

Power Generation/Grid

- Power Generation Group
- Power Grid company
- Electric Power company
- Integrated Energy Services
- Power Dispatch company
- Electrical Design/
Engineering
- Industry Association

Tele-Communication/IDC

- Telecom operators
- IDC
- Data center EPC
- Cloud Data Center
- Design/Engineering
- Industry associations

Industry and commerce

- Local government
- Construction industry
association
- Industry trade association
- Intelligent general package
- Building construction/design
- Real estate developers
- Business park
- Industrial park

Industry users and others

- Energy storage EPC integrator
- Overseas energy storage
operators
- Energy Storage Equipment
Manufacturer
- Distribution agent
- Photovoltaic storage charging
station
- Paper/Steel/Metallurgy
- Petrochemical
- Rail
- Hospital.....

MVP Most Valuable Partner 合作伙伴计划

Business Matching Service

What is the MVP program?

Most Valuable Partner referred to "MVP" which is a professional business matching service created by the organizer. Our MVP team will listen carefully for users' needs in order to more effectively meet customized procurement needs. Tap high-quality suppliers and provide procurement personnel with the most valuable and effective supplier resource channels. Provide a high-quality business platform throughout the year, and create unlimited business opportunities through fast, convenient and accurate matchmaking before, during and after the exhibition. Through the MVP program, the participation value of exhibitors and buyers will be improved, and win-win cooperation will be promoted between the supply and demand sides.

Concurrent Symposium

Energy Storage Topics

- New energy + power storage for China's dual carbon goals
- Application and case sharing of new energy storage in the electric power industry
- Development and opportunities for energy storage + industry and commerce
- Design and security of energy storage + data center
- Pain points of energy storage + tele-communication industry
- New Energy Storage Products\New Technologies Release

Participation fees

Raw Space: RMB1,780/sq.m (Zone A) RMB1,350/sq.m (Zone B)

Package Stand: RMB17,800/9sq.m Unit (Zone A) RMB13,500/9sq.m Unit (Zone B)

Adsale Exhibition Services Limited

Adsale – The China Trade Promotion Specialist Since 1978

Established in 1978 in Hong Kong, the Adsale Group is a dynamic trade media group in Asia Pacific, for many years literally millions of exhibitors, advertisers, buyers and end-users have benefited from Adsale's extensive year-round pre- and post-show support and her wealth of the extensive cross-industry database.

The exhibition company under the group is the first company in Hong Kong to enter mainland China to organize exhibitions. It is headquartered in Hong Kong and has branches in Beijing, Shanghai, Shenzhen and Singapore. It is now recognized by the industry as the most innovative and result-oriented company in Asia and a pioneer in the exhibition industry.

Adsale has accumulated huge user resources over the past 45 years, and holds more than 20 industry exhibitions every year, covering industries such as electric power & electrical, data center technology, cloud computing, communications, intelligent buildings, auto, plastics, printing, packaging, and textiles. Adsale Exhibition serves more than 11,000 domestic and foreign exhibitors and 640,000 trade visitors from 150 countries/regions every year.
